

Winter Maintenance Policy Statement

N6 Operations Winter Maintenance Policy is as follows;

“Winter Maintenance operations shall allow the safe movement of traffic users of the N6 Project Road and shall keep to a minimum, delays caused to such users by adverse weather i.e. snow and ice.”

N6 Operations Ltd are responsible for the Operation and Maintenance of the N6 Galway to East Ballinasloe PPP Scheme, which extends 53km stretching from the Galway City side of Glennascaul Grade Separated Junction (Interchange 19) to just west of the Tulrush Grade Separated Junction (Interchange 14) in Ballinasloe.

It is the responsibility of N6 Operations Ltd to provide winter maintenance cover for 2014/2015 season.

The Winter Maintenance Strategy sets our arrangements for all aspects of winter maintenance. This document is available for inspection by third parties at:
